

Two industry leading drive systems have improved with a new feature!

Acument Global Technologies has a Master License agreement with Ttapdrive AS.

Acument's TORX[®] and TORX PLUS[®] drive systems combined with Ttapdrive's ttap[®] unique stability button offers an improved drive system alternative.

The main advantages of the dual systems are:

Stable Drive™

- √ Wobble-free installations
- √ Strip-out resistant

Frixion Fit[®]

- √ One hand-operations
- √ No need for magnetic bit-holders

Easy guiding

- √ The screwdriver easily enters the screw
- √ Excellent on collated screws.
